RECEIVED

FEB 10 1959

Mr. R. S. Fulton
Regional Mining Supervisor
United States Department of the Interior
Geological Survey
Post Office Box 829
Carlsbad, New Mexico

U. S. Geological Survey
Carlsbad, N. M.

Dear Mr. Fulton:

Pursuant to the recent visit to this office by Mr. James Hager, we have prepared and enclose herewith a map of the Laguna Indian Reservation showing Anaconda's prospecting permit area, mining lease area, developed ore bodies, and active mining areas. Also enclosed is a Thermo-Fax copy of a tabulation prepared for the United Pueblos Agency, showing Anaconda's exploration and development expenditures on the Laguna prospecting permit area for the period of December, 1957, through November, 1958, and for prior years beginning with 1951.

These items are being sent to you to give you a better understanding of our operations on the Laguna Reservation, and we expect that you will keep them in strict confidence. If you desire we will send you a revised map of these areas once annually.

Yours very truly,

A. J. FITCH
